

MARKET INTELLIGENCE

Somalia Market Brief: Q2 2026

A planned quarterly brief on demand, trade and investment signals in Somalia: its intended contents and cadence.

WHAT THIS DOCUMENT COVERS

- 01 Demand indicators**
The demand measures each edition would track, and the sectors they would be reported against.
- 02 Trade and corridors**
Planned coverage of import composition, port and corridor throughput, and the conditions affecting them.
- 03 Investment signals**
How the brief would record announced, committed and completed investment separately rather than as one figure.
- 04 Method note**
A standing note in every edition setting out sources, collection dates and the confidence attached to each series.
- 05 Cadence and revision**
A fixed quarterly cadence and a published revision policy, so that earlier editions can be corrected openly.

STATUS

This document is in preparation. Veynuus publishes research only once the underlying fieldwork, data and review are complete, so no findings are presented here. This file records the scope and intent of the work and will be replaced by the full publication on release.
